# Invent a Food

**Name**_____ **Date**_____

**Directions: Read the question and answer based on the information you learned in class.**

**Use your imagination to invent a new food. You need to think of how where it comes from (is it a plant, part of a plant, seed, meat from an animal, etc.) Next, describe what it looks like and how you are supposed to eat it (as a sandwich, raw, cook it, on a stick, etc.). Then what it tastes like (sweet, sour, etc.) Finally, name it and draw its picture.**
