What Do You Think?

Name_____ **Date**_____

Directions: Read the question and answer based on the information you learned in class.

Think about what you learned in class today about the Five Kingdoms of Life. Why do you think scientists developed these kingdoms? What did the scientists look at when developing these kingdoms? Do you think that scientists will ever develop more kingdoms of organisms and why? What did you notice about the organisms in each kingdom? What are the similarities? What are the differences?
